

Towards an international standard for lichen monitoring – theory and practice

Workshop *Friday 11 June 2010*

Mission

An international methodology is being developed at the CEN level (CEN/TC 264/WG 31) for monitoring lichen diversity.

From 7 to 11 June an international course will take place and the last day there will be an open workshop to describe and discuss the main results.

Location

Fondazione Edmund Mach – IASMA, San Michele all'Adige, Trento - Convitto hall

Programme

9.00-12.00

Presentation of the results - *Giorgio Brunialti*

Discussion on critical issues emerged during the exercises - *Paolo Giordani*

Coffee break

Suggestions for the final draft of the international standard - *Guido Incerti*

Final remarks and conclusion of the meeting - *Fabiana Cristofolini*

Registration - contact

Registration is free. Please send e-mail to fabiana.cristofolini@iasma.it to notify your participation.
